

HANUMAN SAHANI

SDE-II | Flutter & Laravel Developer | 4 Yrs 7 Mos Experience

New Delhi, India | (+91) 7651864655 | hanumansahani7388@gmail.com

GitHub: github.com/Hanuman-Sahani | LinkedIn: linkedin.com/in/hanuman-sahani-928404246

PROFESSIONAL SUMMARY

SDE-II with **4 years 7 months** of experience shipping production apps in **Flutter** and **Laravel** across HRMS/payroll, retail field-force, eCommerce, and healthcare/pharmacy — strong in **BLoC**, **Clean Architecture**, **REST APIs**, **MySQL**, and applied **AI/ML**.

- **6+ live products** on Play Store / App Store — every store link on this resume is clickable and verifiable.
- Built **production AI**: camera-based face-recognition attendance (**ArcFace + FAISS + temporal voting**) feeding a Laravel payroll system.
- **Team Lead & Project Coordinator** — owns client requirement meetings, SOW, sprint planning, and end-to-end delivery from design to release.

TECHNICAL SKILLS

Mobile: Flutter, Dart, BLoC, MVVM, Clean Architecture, Kotlin, Java, Swift, SQLite, Offline-First, Push Notifications (FCM)

Backend: PHP Laravel, Python, REST API Design & Integration, WebSocket, MySQL, Firebase

AI / ML: Face Recognition (ArcFace/InsightFace), OpenCV, FAISS, ONNX Runtime, OpenAI Whisper, TensorFlow

Practices: Agile/Scrum, Sprint Planning, Code Reviews, CI/CD (GitHub Actions), Unit & Widget Testing, Git

Domains: HRMS & Payroll, Retail Field-Force, eCommerce, Payment Gateways, Healthcare/Pharmacy, Live Streaming, MDM

Tools: Postman, Google Maps, Google Analytics, Play Store & App Store Deployment, ASO, HTML, CSS

WORK EXPERIENCE

SDE-II (Software Development Engineer II) — AKC Webtech Pvt. Ltd. Jan 2024 – Present

- Delivered responsive Flutter + Laravel applications, driving a **20% increase in user engagement** and a **15% reduction in bounce rate**.
- Optimized backend processes, improving overall system performance by **30%** and cutting loading time by **25%**.
- Act as **Team Lead & Project Coordinator** — lead client requirement meetings, translate business needs into technical scope, plan sprints, and own delivery from design to release; feedback-driven iterations raised customer satisfaction by **25%**.

Flutter Developer — Comptech Training & Technology Pvt. Ltd. Dec 2022 – Jan 2024

- Built responsive mobile UIs, integrated REST APIs, and handled on-device data management (SQLite, local storage) across client projects.

Software Developer — Mobiloitte Technologies Jan 2022 – Dec 2022

- Developed Flutter/Dart/Firebase mobile applications; collaborated on requirement analysis and conducted code reviews to maintain codebase quality.

KEY PROJECTS

SHB-Rx Pharmacy — Pharmacy & Medicine Ordering App

- **Team Lead & Project Coordinator** — client meetings, requirement gathering, and end-to-end coordination alongside hands-on development.
- Building a **Flutter + BLoC** pharmacy app: searchable medicine catalog, category filtering, **prescription upload & verification**, cart, real-time order tracking, secure payments, and order history on Android and iOS.

RetaSpect (STM Retaspect) — Retail Field-Force Management Platform (Web + Mobile)

- **Team Lead & Project Coordinator** — led client requirement meetings, finalized the **SOW**, and managed end-to-end web + mobile delivery.
- Built a multi-brand platform with a 5-level hierarchy (Owner → Brand Admin → Regional Manager → Team Leader → Field Staff) enforcing strict **RBAC** and level-wise data visibility.
- Developed Flutter field modules: **multi-layer attendance** (geo-tagging, geo-fencing, **selfie face verification**, IP validation), store IN/OUT, **beat plans** with TL approval, campaign execution, sales/pre-booking punching, surveys, targets & incentives, reimbursements, and L&D assessments. [Play Store ↗](#) [App Store ↗](#)

Apex — Offline-First API Client (Postman-style, Flutter Desktop + Mobile) *Personal Project*

- Built a cross-platform **Postman-style API client** (Windows/macOS/Linux/Android/iOS) on **Clean Architecture + BLoC** with `get_it` DI and functional error handling (Either/dartz); 100% local persistence via **SQLite** + `SharedPreferences`.

- Shipped tabbed workspace, nested collections (drag-and-drop), **environment {{variable}} substitution** at send time, rich response viewers, request history, **code-snippet generation for ~36 languages**, and a **WebSocket/Socket.IO** console.
- Automated Windows releases via **GitHub Actions CI/CD** — portable zip + **Inno Setup installer** attached to tagged GitHub Releases.

Hurema HR & Payroll — AI-Powered Attendance & Payroll Platform

- Payroll platform with **AI face-biometric attendance**; **WebSocket** pipeline captures live punch logs from biometric devices; automated salary processing from attendance, shifts, overtime, and leave.
- Engineered a **Python gate face-recognition service** turning IP cameras into attendance sources: RTSP → detection & tracking → quality gating → **ArcFace** embeddings → **FAISS** ANN matching → temporal voting → **HMAC-signed** punches into the Laravel API.
- Built the enrollment pipeline (FAISS index from payroll DB face photos) and a **live monitoring dashboard** streaming per-camera MJPEG feeds and recognition events via REST. [Play Store ↗](#) [Website ↗](#)

STM NXT — Multi-Platform HRMS

- HRMS with employee management, **geolocation attendance**, leave & shift management, automated **payroll & payslip generation**, and secure role-based auth across mobile and web. [Play Store ↗](#)

Pratilekh — AI Minutes-of-Meeting Generator

- Offline custom **Windows/macOS desktop app** auto-generating structured, editable MoM documents from recorded/uploaded audio using a Python backend with **OpenAI Whisper** speech-to-text. [Website ↗](#)

Other Projects

- **Srank Bazaar** — JustDial-style business listing app (Flutter + BLoC): search, filters, ratings, reviews, owner listing management. [Play Store ↗](#)
- **Utsav Fashion** — Flutter eCommerce app: dynamic listings, category filters, cart & order management. [Play Store ↗](#)
- **SHBBC** — patient care & diet tracking app for hospitals [Play Store ↗](#) ; **Blue Barn** — blogging/news app with push notifications (Flutter + BLoC).

EDUCATION, CERTIFICATIONS & LANGUAGES

B.Tech / B.E. — KIPM College of Engineering & Technology, GIDA Gorakhpur 2023

Internship: Hospital Management System — CETPA (3 Months)

Certifications: Android Development with Kotlin Fundamentals; Core Java | Languages: Hindi, English
